To: Mr. Wu (Patent Examiner)
From: Randy Akins (Tucson, Arizona)
Date: 16 July 2005

I am contacting you regarding my patent application (10/600,418) The Sequential Image Advancing System.

I asked the examiners to "Make Special" my application since someone is now selling my device and there is infringement.

My petition to "Make Special" was granted in January 2005. So far, there does not appear to be any movement on this examination.

We spoke a couple of months ago and I was told that my patent application would be reviewed and acted-upon by June 2005.

Could you please contact me and let me know the status of my application for patent. A company is now selling my device without my permission and I am eager to prove that this invention belongs to me.

I Sincerely Thank You,

Randy Akins
